## Why send someone

### Latest and greatest in software

Latest and greatest on software architecture, AI in practice, platform engineering, security, programming languages, agile and leadership.

### Speakers who built the tools

Speaking at GOTO is by invitation only. The program committee picks people with hands-on experience. Past stages include Martin Fowler, Anders Hejlsberg, Kent Beck, Troy Hunt and more.

### Time with the experts

Around 75% of speakers stay all week, so attendees can ask about their own systems over lunch.

### Recordings & slides of all the 60+ talks

Attendees get every recording after the conference.

*The 2027 program is announced from January. Book before it's out and you get the lowest price of the year.*
